ABOUT US

Vezora International is a trusted manufacturer and supplier of advanced mining and metal processing machineries. With a commitment to innovation, performance, and safety, we deliver robust solutions that optimize operations and drive growth.

OUR MISSION

To provide innovative, reliable, and efficient machinery solutions that empower industries to achieve more.

OUR VISION

To be a global leader in delivering high-quality machinery with unmatched service and customer satisfaction.

OUR COMMITMENT

Quality products, timely delivery, and dedicated support—every step of the way.

INDUSTRIES WE SERVE

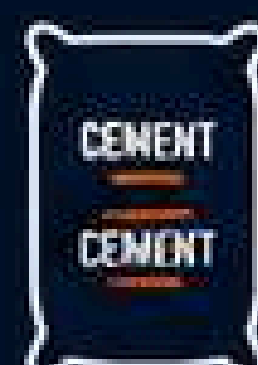

MINING

METALS

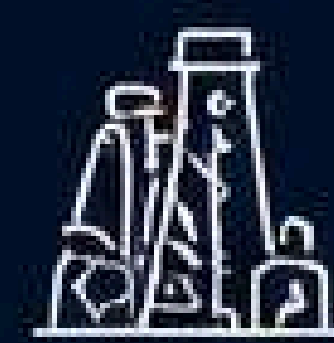

CONSTRUCTION

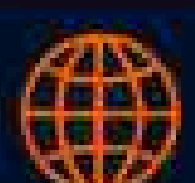

CEMENT

POWER

INFRASTRUCTURE

OUR PRODUCT CATEGORIES

High-performance machinery and reliable spare parts for every stage of mining and metal processing.

ROLLING MILLS & MACHINERY AND SPARES

High-quality rolling mills, furnace systems, and related spares for the metal processing industry.

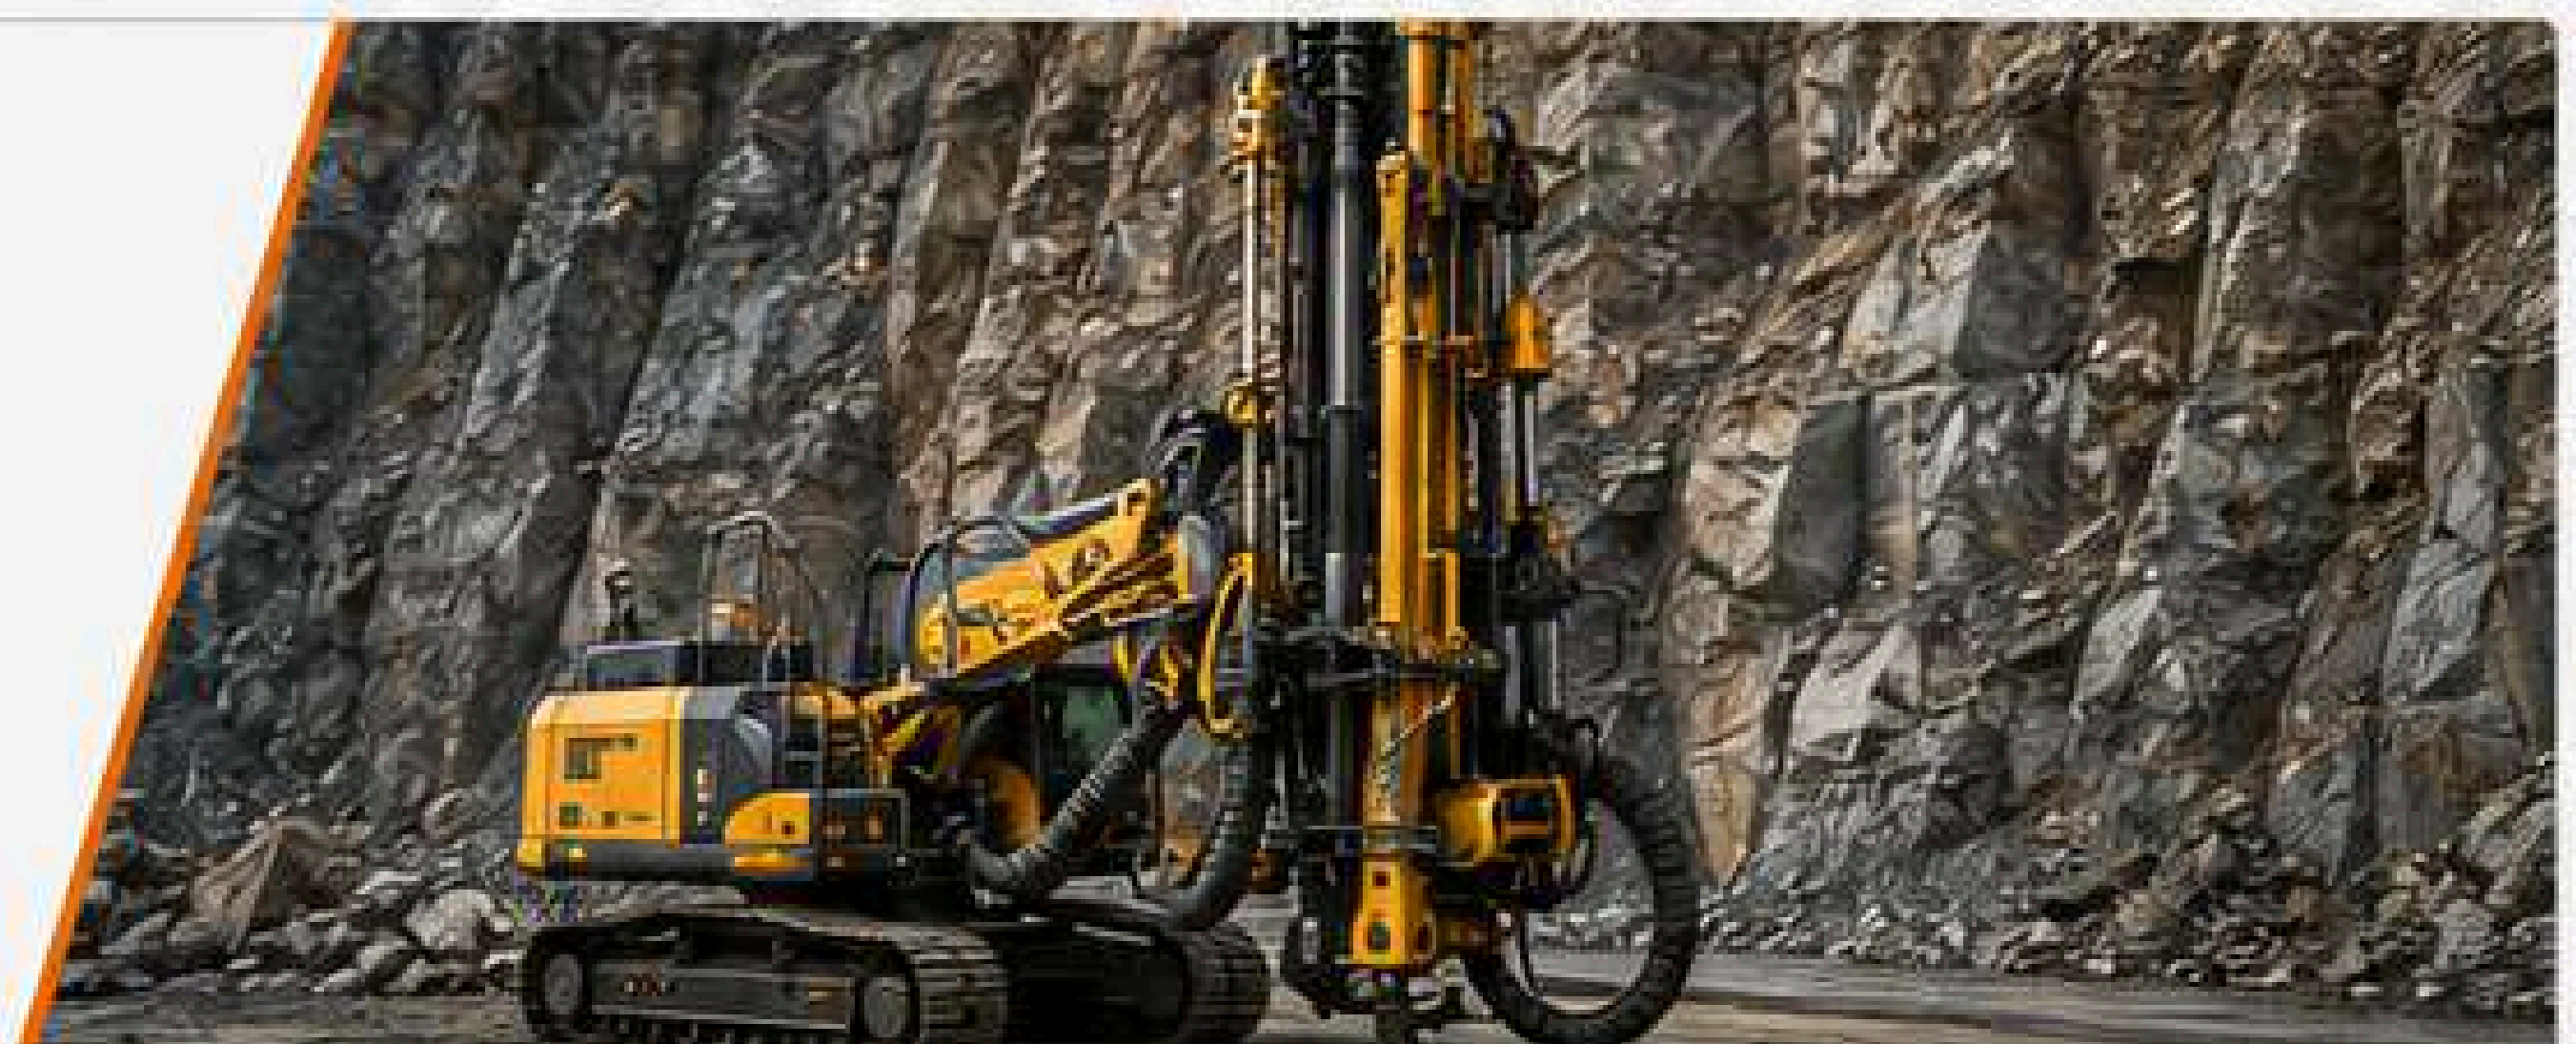

MINING MACHINES AND SPARES

Heavy-duty mining equipment and OEM spares built for demanding mining operations.

DRILLING AND BORING MACHINES AND SPARES

High-precision drilling and boring machinery for mining and metal industries.

SPARE PARTS

A comprehensive range of high-quality spare parts to ensure maximum uptime and performance.

ROLLING MILLS & MACHINERY AND SPARES

We are a leading manufacturer/supplier of high-quality rolling mills, furnace systems, and related spares for the metal processing industry. With a commitment to innovation, safety, and reliability, we have established ourselves as a trusted industry partner.

OUR PRODUCTS

- Cold Rolling Mill
- Bell Type Annealing Furnace
- Nail Making Machine
- Nail Making Machine
- Rolls for Rolling Mills

MINING MACHINES AND SPARES

We supply heavy-duty mining machinery along with high-quality OEM spare parts to ensure maximum uptime and productivity.

OUR PRODUCTS

- Heavy Mining Excavator
- Wheel Loader & Dump Truck
- Crusher & Screening Equipment
- Metal Detector Machines
- Spare Parts

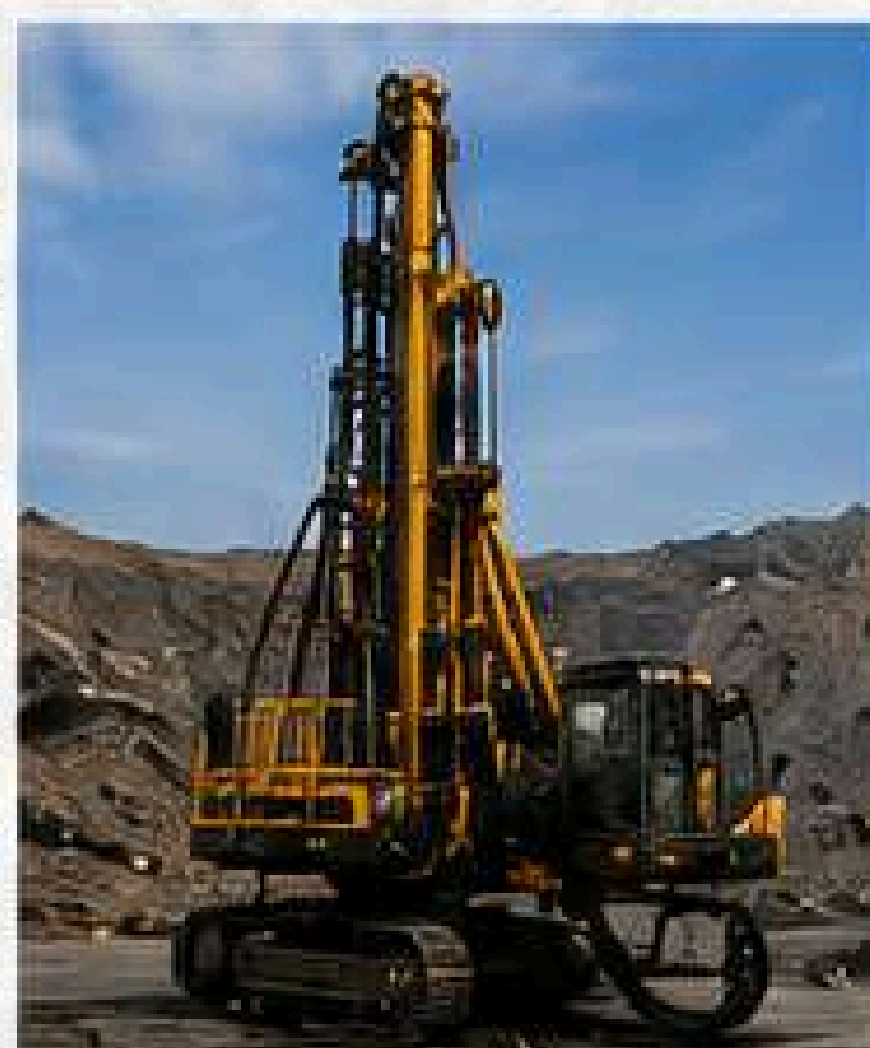

HEAVY MINING EXCAVATOR

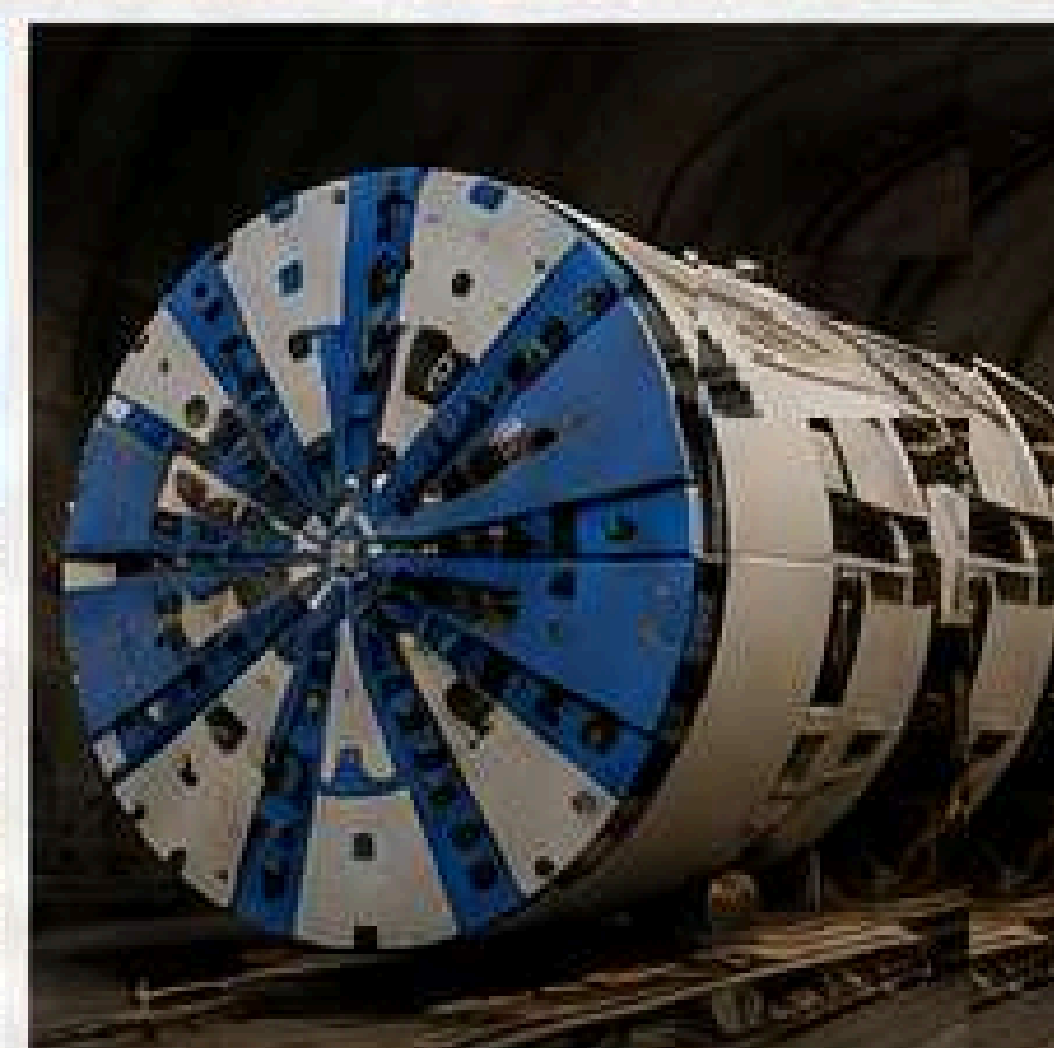

WHEEL LOADER & DUMP TRUCK

CRUSHER & SCREENING EQUIPMENT

SURFACE DRILLING RIG

DRILLING AND BORING MACHINES AND SPARES

We are a leading manufacturer/supplier of high-precision drilling and boring machinery for mining and metal industries, backed by advanced technology and robust design.

OUR PRODUCTS

- Surface Drilling Rig
- Tunnel Boring Machine
- Horizontal Boring Machines
- Mining Drill Equipment
- Spare Parts

STANDARDS**

ENGINEERED FOR TODAY. BUILT FOR TOMORROW.

At Vezora International, we combine advanced engineering, robust manufacturing, and a customer-first approach to deliver solutions that drive productivity, ensure safety, and create lasting value.

WHY CHOOSE US?

INNOVATIVE ENGINEERING

Cutting-edge designs and technology for superior performance.

UNCOMPROMISED QUALITY

Strict quality control and testing at every stage.

CUSTOMER-CENTRIC APPROACH

Tailored solutions and responsive support you can rely on.

SAFE & RELIABLE

Built to the highest safety standards for demanding environments.

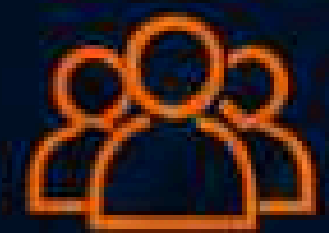

GLOBAL REACH

Trusted by clients across the globe with a strong service network.

OUR IMPACT IN NUMBERS
